

## MARINES

Have an Enviably  
Position.

Ride on a Launch to  
Halo.

A Convenience the Dia-  
mond Co. Uses.

Lots of Steam Required in a  
Rubber Plant.

"The Diamond Rubber Co. is the only shop in Akron employing its own mariners," said a rubber worker yesterday.

The statement was true. The Diamond Co. regularly operates a launch between its main shops and the plant at Halo, popularly known as a reclaiming plant. The canal is handy as the traditional "pocket in a shirt," for the company in this way. For goods of any description are placed in the launch and quickly landed at the other plant, passing through no hands but those of trusted employees—not even being subjected to the stare of a curious public as would be the case if goods were hauled over the streets. The Diamond launch is a very tidy craft, too, and the men who operate it are naturally envied by fellow employees. It is a pretty nice ride up the canal and through Summit lake.

Whether the Diamond Co.'s factory at Halo really is a reclaiming plant is still a question open to discussion in the minds of a good many rubber workers. "I am not sure that it is a reclaiming plant, but I could not say positively that it is not," said a Diamond man to a reporter.

The secrecy observed at the plant may be responsible for the doubt in the minds of some that the factory is a reclaiming establishment. Certain it is, that there is no shop in Akron at which visitors are looked upon with less pleasure, and meanwhile, it is certain, the royalties on Supt. A. H. Mark's reclaiming inventions, go on piling up.

General Manager Frank A. Seiberling of the Goodyear Co. has been spending a couple of weeks at Hessel, north of Mackinac. He has a pretty cottage on a little island just off the coast of Northern Michigan, and will remain there where his wife and new baby daughter are until September. It is a delightful spot in the hot August days.

One of the principal things required at a rubber making plant is enormous steam producing power. Possibly more steam is used in the processes by which rubber goods are made than in any other business represented in Akron. First there is the heavy machinery to be moved; mills, calendars and washers, all requiring much power to move them, and causing the burning of much coal and the making of great quantities of steam. All rubber is vulcanized either by the direct application of steam or hot water and the many devices to be found for that purpose in one of the Akron factories require much steam for their operation. Great boilers as large as those of a locomotive are scattered about the buildings of a large rubber making establishment. In these tires and other things are vulcanized or "cured." Every time a batch or lot of whatever is being made is finished, the entire boiler full of steam must be wasted before the product can be removed. The steam equipment of a rubber shop is looked after almost more closely than anything else connected with the shop. The newest things in boilers, fuel, and steam apparatus are kept in touch with and a force of men is employed in each factory who do nothing else than plumbing and steam fitting.

## BRICKMAKERS.

They Are Profiting by the Building Boom.

Akron brickmakers are busy. Their output these days is up to the limit of their capacity and they could use more brick if they could make them. An arrangement exists between the various firms by which they have occasionally been able to use each other's brick for rush orders, but even this satisfaction is lost to them now, because all the Akron brick yards have orders for all the brick they can turn out for some time to come.

There is a chance for several contracts on buildings which will soon be erected in the city, but some of the brickmakers who would like to furnish brick for the buildings find that it would be of no use to bid, because they are unable to fill present orders.

### To Save Her Child.

From frightful disfigurement Mrs. Nannie Gallagher, of LaGrange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face, and writes its quick cure exceeded all her hopes. It works wonders in sores, bruises, skin eruptions, cuts, burns, scald and piles. 25c. Cure guaranteed by all druggists.

## An Old Pastor.

Rev. James Poindexter, Columbus, O.

No man in the capital city of the State of Ohio is better known than the Rev. James Poindexter. For many years he has been the successful pastor of the Second Baptist Church of that city. Every day his venerable figure and kindly face may be seen on the streets of the city where he has labored for so many years. What a history of benevolence and self-sacrifice might be written by simply giving the details of the every-day life of this faithful pastor and eloquent preacher.

But old age comes to the best of men. The rheumatism peculiar to advanced age had already begun its insidious ravages when it became necessary to find a remedy, if possible, that his days of usefulness might not be shortened.

An efficient nerve tonic that would stimulate the circulation, improve the digestion, and increase the tone and vigor of his whole system, was needed. The only remedy capable of meeting all these indications was found to be Peruna. In a recent letter to Dr. Hartman, he states:

"My attention was called some time ago to your medicine for rheumatic troubles by Mr. Cook, an old reliable druggist of this city, and take pleasure in saying that I have tried them and found them good. It is my opinion that the remedy, Peruna, is justly entitled to the fame which it has throughout the United States."

Address The Peruna Medicine Co., Columbus, O., for free catarrh book.

## THE HOUSE

Movers May Take  
It Along.

Novel Scheme of a  
Pittsburg Man.

Valuable Invention  
Could be Utilized

To Build Houses With Great  
Rapidity.

Pittsburg, Aug. 24.—After researches extending over a year and a half, A. G. Roenigk, a Pittsburg builder, has formulated plans whereby instead of a man leaving his house behind him when he moves, he can take it with him and erect it just as it stood on its former site.

There is only one thing which stands in the way of the house being very popular just yet, and that is the question of expense, but it is hoped before long that this will be eliminated and the price placed within reach of all. The house as planned by Mr. Roenigk would be of stone and iron, constructed in panels, absolutely fireproof, being manufactured and shipped to the ground upon which it was to be erected, with instructions for putting the pieces together.

The stone used in the house would be artificial stone, made by a recently discovered German process. Mr. Roenigk has investigated the stone, which

has revolutionized the brick trade in Germany, with a view toward getting a company of Americans to buy the right to make it and erect a plant in Pittsburg. For years the brickmakers have tried to get a product that would not need burning, a process which takes from two to three weeks, and during which many bricks are made useless by warping and are a loss to the manufacturers. The process of making the brick now used in Germany does away with burning in the kiln. The raw materials can be made into brick and shipped in less than 24 hours.

The process was discovered by the son of a German nobleman, Huennecke, by name, of Magdeburg, Germany. The bricks or stone, for it is really an artificial stone which can be formed into any desired shape or size, are made from sand and lime, being four to six per cent of lime, according to the quality of the sand.

A. H. Davis, Mt. Sterling, Ia., writes: "I was troubled with kidney complaint for about two years, but two one dollar bottles of Foley's Kidney Cure effected a permanent cure."

## AGED COUPLE

Center of Attraction at the Witner Reunion.

(Special Correspondence.)

Sherbondy, Aug. 23.—A grand affair was that of the Witner reunion, held in Grandpa Urtas Witner's grove, Tuesday. The time was whittled away by 130 young and old people in pleasant conversation. The center of attraction, however, was the aged pair, grandpa and grandma Witner, both of whom have nearly reached four-score years. Mr. Y. C. Witner, Jr., chairman, caused considerable mirth by calling the business meeting to order by means of a club and an old tin pan. All parted, hoping to spend many more such happy days together. The Hints family reunion was held at Lakeside park, Thursday.

Miss Beryl Patterson, left Thursday for Fairmont, W. Va., to spend a month with her brother, after which she will make a trip to Colorado, where she expects to spend the winter with her aunt. A pleasant surprise it was to the young lady, when Wednesday night brought together about 50 school-mates and her teacher at Miss Patterson's home. The evening was passed away with games, after which all bid her goodbye. Success to you, Beryl.

Mr. B. F. Frederick, left for Wisconsin, last evening, in the interest of the McNeil Roller Works. He will return in a few weeks.

Mrs. Mack Viers, visited yesterday at Clark's Mills, with her parents, Mr. and Mrs. Chas. Wentz.

Mrs. D. O. Betz is spending the week with her parents, Mr. and Mrs. R. A. Mohler, at Sherman, O.

## NEIGHBORLY ADVICE

Freely Given by an Akron  
Citizen.

When one has suffered tortures from a bad back and found out how the aches and pains can be removed, advice is of untold value to friends and neighbors, particularly when they know the statement is absolutely correct. The following neighborly advice comes from an Akron resident.

Mr. S. E. Adams, of 200 West Chestnut st., employed at the Goodrich Rubber works, says: "Doan's Kidney Pills for sale at Lamparter & Co.'s drug store, helped me very much and I should have used more of them but getting so much relief from a single box and feeling no more pain, I stopped the treatment. My trouble was backache, aching in my head and difficulty with the kidneys. Doan's Kidney Pills certainly relieved me, stopped the too frequent action of the kidney secretions and otherwise benefiting me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no substitute.

CHAS. AUSTGEN  
Cor. Broadway and Exchange  
Wholesale Liquor Dealer.  
The best Whisky sold in barrel, and all kinds of Liquors for fine saloons.

L. HOSTER BREWING CO.  
Of Columbus, brewers of high grade WISKEY BEER. Export a specialty.

BOTTLED BEER FOR FAMILY USE.  
Importers of California and Ohio Wines. Lowest prices. Delivered to any point of the city.  
Sole Telephone 233.  
Bottle Department 104.

WEST CONGREGATIONAL.  
Rev. J. L. Davies, pastor. Preaching at 10:30 a.m. Union service at 7 p.m. Sermon by Rev. W. F. Wyckoff, of the Woodland M. E. church. Sunday school at 9 a.m. C. E. Tuesday at 7:30 p.m. Preparatory service next Thursday evening at 7:30.

ST. PAUL'S EPISCOPAL.  
Rev. Jas. H. W. Blake, rector. Sunday school at 9 a.m. No morning or evening service. Sunday school at St. Andrew's chapel at 9 a.m.

CHRISTIAN ENDEAVOR.  
Grace Reformed society's meeting tomorrow evening will be led by Misses Grace Weyandt and Abby Heller. Subject, "Daily Prayer: I will make it the rule of my life to pray every day." This is the monthly consecration service. Members should be present, or if obliged to be absent, remember the pledge and send a verse of scripture to be read in response to your name when the roll is called. The meeting begins at 6:30.

WOODLAND M. E.  
Rev. Wm. F. Wyckoff, pastor. At 9:15 a.m. Sunday school; 10:30 sermon by the pastor, theme, "The Church's Exaltation in the Last Days"; 7 p.m. union services in the

# WALKER'S SOAP

## Is good soap

### Contains no alkali

Be sure you get the soap with the game rooster on the wrapper. We take the trouble to wash all the free alkali out of WALKER'S SOAP. That saves your clothes, paint, varnish, hands—anything you wash that alkali would eat.

## Early Arrivals ---OF--- Fall and Winter... Woolens

Are being placed in our show room every day. The style we recommend deserves the emblem of victory. We carry all the new fashions, but we always advise the style that goes TO and not BEYOND the becoming point.

We advise an early inspection.

**H. A. Bork**  
The Fashionable Tailor  
219 South Howard Street

### Don't Fall Into It.

It is poor policy to fall into the habit of placing your laundry work at random, as it is productive of much annoyance and little satisfaction. Your linen will be done up right and be faultless at all times in its color and finish, as well as in the perfect condition in which it is returned, and satisfaction is always guaranteed in both work and prices.

EXCELSIOR LAUNDRY

156 S. High st. Phone 67.

## IT IS AN ADVANTAGE

To have teeth that are pretty far gone taken out painless and new ones bridged in. We do this work so as to give you sound and beautiful teeth—teeth that can't be detected from natural ones.
